

CLEARWATER

The Clearwater collection features a timeless color palette that mixes cool greys, tonal blues, taupe, and clean ivory to create an array of welcoming, contemporary rugs. A large range of fashionably distressed and crisp, clean designs means there's something for everyone, from beautifully detailed classics to painterly abstracts. Each rug is machine made using state-of-the-art, computer-driven looms, and the low profile pile is a blend of seven colors of tri-color heat set polypropylene and two colors of high-shine heat shrink polyester, allowing customers to enjoy high-end design without sacrificing comfort or durability. Easy to clean and stain resistant/fade resistant.
